The Lansing Roots Demonstration Farm is hosting a workshop series over the prime growing months this summer. Topics are geared toward the production side of growing a market garden but can be used for any growing space.

Workshops are FREE and open to the public and are held twice weekly: Monday evenings: 6:00-7:30pm & Tuesday mornings: 9:00-10:30am. Topics can change due the unforeseen nature of growing vegetables and workshops are cancelled if there is rain.

United States Department of Agriculture
National Institute of Food and Agriculture

MEMBER OF FEEDING AMERICA

Workshops will be held at:

Lansing Roots Farm at Der Happy Hallow
1084 S. Hagadorn Rd., Mason, MI 48854
Look for blue house and big red barn w/ white silo, access road on S side of barn, drive back to pond area, meet by hoophouse
