

## 2019 Lansing Roots Plot & Resource Request

Your First & Last Name \_\_\_\_\_

### Emergency Contact Information

Name: \_\_\_\_\_

Relationship to you: \_\_\_\_\_

Their email address: \_\_\_\_\_

Their phone: \_\_\_\_\_

### What would you like GLFB to provide?

#### Land, including:

- Spring field work as conditions allow: mowing and deep, primary and secondary tillage *but not bed shaping*.
- Well maintenance and access to water from 2.5-foot risers. *No plot irrigation installation/maintenance.*
- Somewhat regular mowing of pathways. *No fence maintenance.*
- Compost, *to be shared equally*, with all other gardeners/growers. *No delivery to plots.*
- All plot holders ¼ acre and larger will be allowed to install their own drip tape from their own hydrant, drive a vehicle to their plot, provided barn/tool access and a storage cubby.

<input type="checkbox"/>	2 garden size plots (1/8 acre or 5,445 sq. ft)	\$40
<input type="checkbox"/>	1 large plot (¼ acre)	\$80
<input type="checkbox"/>	2 large plots (1/2 acre)	\$160
<input type="checkbox"/>	3 large plots (¾ acre)	\$240
<input type="checkbox"/>	4 large plots (1 acre)	\$320

#### Hoophouse Space:

Access only. No mowing, watering or maintenance included in fee.

<input type="checkbox"/>	1/4 of hoophouse (525 sq feet @ 0.15/foot)	\$78.75
<input type="checkbox"/>	1/2 of hoophouse (1050 sq feet @ 0.15/foot)	\$157.50

**Barn & Tool Access:**

Tool inventory *may* include broadforks, transplanters, Earthway seeders, backpack sprayers, broadcasters, scuffle, triangle and wheel hoes, etc. *Must sign out and return tools daily. No off-site use.*

# Roots Rules & Guidelines

The following guidelines are necessary to ensure a good experience for all Root's growers, GP Staff, neighbors, and the surrounding community.

## Cooperative spirit

Growers are expected and encouraged to cooperate and coordinate with one another while working on the property. Growers will equitably share parking, infrastructure, equipment, irrigation systems, and other Garden Project-provided resources. If any problems arise that growers are not able to mediate on their own, they should contact the Garden Project staff for assistance with conflict resolution.

## Legality

All farm activities on Lansing Roots property will be in accordance with federal, state, and local regulations. It is entirely the responsibility of the growers to maintain compliance.

## Community consideration

Growers will be respectful of Lansing Roots neighbors and any concerns they may have.

## Safety

All Roots activities will be done with specific consideration to safety, including that of the individual, other growers, neighbors, GP staff, or any visitors to the farm. Growers must be cleared to use equipment prior to usage. Basic safety includes—but is not limited to—wearing appropriate clothing (sturdy, protective, not too loose, and good coverage), appropriate footwear (no open-toe shoes or bare feet; boots preferred), well versed knowledge of tools prior to use, wear eye and ear protection when operating machinery, wear a hat and use sunblock (but wash hands thoroughly after application). Growers are responsible for purchasing and using their own safety equipment.

## Plot assignments

Growers will not enter another grower's plot without permission. Determination of plot size and location will be by Garden Project staff. Grower plots may vary in size and location from year to year.

## Property access

Growers have access to the Lansing Root's property seven days a week during both daylight and evening hours.

## Vehicles

Anyone driving onsite must have a valid driver's license. Parking is limited to specific, designated areas approved by the Garden Project. Until otherwise noted by GP staff, this is limited to the parking area around the pole barn and near the pond. The speed-limit anywhere on the property is 10 mph.

## Tools/equipment

Growers are responsible for the tools that they use. Inappropriate use or failure to properly care for or clean rental tools will result in fines and/or limits on future use. Growers will need to replace—at their own expense—any tools or equipment that is lost, broken, or damaged with a new tool of comparable quality and utility, as determined by Garden Project staff (excluding those with routine use damage). Some items & equipment require training. Due to this, growers will not be allowed to use tools or equipment until they are cleared to do so. There will be a clipboard in the barn which growers will use to document their usage.

## Trash

Growers are responsible for containing and promptly removing all trash generated onsite. Fines will be incurred if anything is left in the field beyond October 20<sup>th</sup> (e.g., driptape, trellises, row cover, t-posts, stakes, large plant residues, or other debris) without permission from Garden Project staff. To the extent possible materials should be recycled and reused and only disposed of if there is no viable utilization left.

## Sanitation

The port-a-potty can be found in on the northeast side of the Root's property. Everyone is required to wash their hands after using the restroom.

## Pets

Growers are not allowed to bring pets to the growing site.

## Water

Only growers with plots a ¼ or larger may install drip tape. All others must water by hand. In case of water shortage or well breakage, growers may be allocated days and/or times in which they have permission to water field crops. They may switch dates or co-water with other growers only if given permission by grower.

## Visitors

Growers are responsible for any visitors or helpers they bring to Lansing Roots. Visitors are required to abide by the same rules and regulations as growers. Growers will be held accountable for the actions of visitors they bring to Lansing Roots.

## Children

Children should always be accompanied and supervised by a guardian. Growers are responsible for all actions taken by a child which they have brought to the property. Children are not permitted to utilize any agricultural implement or machine owned by Garden Project. Violation of this is grounds for immediate dismissal from the garden.
